

Clarissa's Campaign

♥ FOR CAMBRIDGE HEARTS

In memory of our beautiful friend **Clarissa Nicholls**, we are raising money to provide **ECG Heart Screening checks** for Cambridge students.

Clarissa studied French and Italian at Trinity Hall, and would now be in her final year. She lived life better than any of us. Her love, positivity, ambition and achievements were boundless. Last year, Clarissa collapsed and passed away from an undiagnosed heart condition.

In cooperation with **Cardiac Risk in the Young (CRY)**, Clarissa's family and the University, we are hoping to start an ECG screening service for Cambridge students. One screening day will cost £7,000. We are hoping to raise enough for an annual four-day service.
